

Dear Friends:

The Hanegev USY Regional Executive Board has taken on the Billion Tree Campaign as their Mitzvah Project for the year. Dr. Wangari Maathai has developed a solution for stopping global warming that simply asks everyone in the world to help plant a billion trees. In the beginning of the year, each Chapter President was asked to have his or her chapter plant seven or more trees towards Dr. Maathai's dream.

Upon discussing this program with the Sunrise Scorpions Executive Board, we decided that it would be more beneficial to make this a congregation-wide project and plant the trees around our synagogue as opposed to planting them elsewhere around the community. This will not only benefit and beautify the synagogue, but will also benefit the Sunrise Scorpions, enabling us to provide more Scholarship dollars towards our members. Each tree will cost \$90.00, and can be purchased either individually or as a group; this cost will include a plaque at the base of the tree acknowledging the donor, group, or special event. These trees will be cared for and maintained by the members of the Sunrise Scorpions USY and Kadima Chapter. Please make checks payable to - SJC - Youth Department.

Many trees have already been planted, and look great. Add your tree to our little "forest".

Thank you for your continued support, and helping us to make this dream a reality.

Sincerely;

Marc Jacobs

Marc Jacobs
Sunrise Scorpions USY President
